Welcome to the UNIVERSITY OF THE AEGEAN!

The University of the Aegean (UAegean) is pleased to welcome you. This practical guide is addressed to incoming students and staff who intend to visit the University of the Aegean within the framework of Erasmus+. It provides basic information about practical issues for studies/teaching/training at the UAegean and your stay in Greece. The UAegean was founded in 1984, aiming to introduce new approaches in higher education in Greece and worldwide and to promote regional development. Situated on six picturesque islands in the Aegean Archipelago, the UAegean offers a unique natural, cultural and human environment for modern studies in the ancient cradle of knowledge.

In less than forty years, the UAegean has evolved into an international research oriented University offering 18 undergraduate (BA or BSc) and more than 40 postgraduate (MA, MSc or MBA) programmes in modern interdisciplinary thematic areas such as environment, communication systems, business administration, cultural informatics, product design, food and nutritional sciences, education design, geography, tourism and transport, social sciences, humanities and Mediterranean studies. In addition, the UAegean has established joint international postgraduate programmes (Biodiversity, Environmental Policy and Management, European Integration) as well as Joint PhD programmes in a wide range of thematic areas.
