To start using the EU Academy, you need an active EU login account.

If you don't have an EU Login, you should create one through the following procedure:

1. Go to the EU Academy website <https://academy.europa.eu/>
2. In the menu at the top right of the website, select Log in
3. It will redirect you to EU login authentication page
4. On this page you select create an account
5. Fill in the fields and press submit form (submit)
6. You will receive an email (to the email you entered in the form) inviting you to create a password by clicking on the link that is included in the email (the activation should be done within 24 hours)
7. Once you have successfully created the password, you will see a page open with the button "Proceed" and, by clicking on it, you will be automatically transferred to EU Academy website
8. After successful login, you will now be able to register for courses (enroll to courses) or carry out a self-assessment (assessment test)
9. You keep your password to use it whenever you want to log in to the EU Academy website or directly on the Online Language Support (OLS) page

*Note: For further information about the EU login, you may visit the site [Help for external users](#).*
